## Entry Requirement

- A candidate is eligible for an Attestation of College Studies program (AEC) if his/her educational training is deemed sufficient by the College and if it meets one of the following conditions:
  - A candidate has interrupted his full-time studies for at least two (2) consecutive sessions or for one (1) full school year;
  - The candidate has pursued his/her post-secondary education for a period of at least one (1) year.
- International students must demonstrate advanced level of English with our online written test and arranged speaking interview. \*\*

\*\*The online written test and speaking interview are exempt if iBT 80, IELTS 6.5, or ILSC Advanced 1 is presented. If an applicant fails to meet the minimum requirements, they cannot be waived by either the institution or the student.

## Program Description

Graduates will gain an excellent understanding of the essentials of business management. This program provides students with the fundamental knowledge of international trade, and prepares them with the necessary skills for a successful career in the Import-Export industry. Students will discuss global issues, prepare presentations, participate in team projects, and enhance their research skills.

During the 4-week practicum, students will apply theories learned in class to real world settings that are relevant to their field of study, and align with the learning objectives of the program.

## Program Courses

COURSE NAME	DESCRIPTION
<b>INTERNATIONAL BUSINESS AND JOB FUNCTIONS</b>	This course introduces students to globalization and to the value-adding activities of businesses in the current global economy. It also explores the scope of roles and functions within the industry.
<b>COMPUTER TOOLS</b>	A strong grasp of computer software is needed in any business in order to perform tasks efficiently. In this course, students will become familiar with the essentials such as Outlook, Microsoft Word, and Excel. Students will also learn how to improve their written communications and use social media in a professional context.
<b>RESEARCH IN INTERNATIONAL BUSINESS</b>	Analysis and critical thinking are vital to business success. In this course, students will gain the fundamental research skills needed to present quantitative findings. Students will also learn how to evaluate data, and produce relevant reports in order to gain valuable insight for business strategy.
<b>INTERNATIONAL BUSINESS LAW</b>	This course provides students with an overview of business law and an understanding of basic legal terminology. Class topics and discussions will draw on examples from current news media reports on legal cases.
<b>INTERNATIONAL BUSINESS NEGOTIATIONS</b>	The ability to negotiate effectively is essential in the industry. The purpose of this course is to enhance the students' understanding of the elements of the negotiation process. Students will be able to apply theories and techniques to devise effective negotiation strategies.

COURSE NAME	DESCRIPTION
<b>CUSTOMS CLEARANCE OF IMPORTED GOODS</b>	In this course, students will become familiar with the terminology, documents and regulations used in the commercial importing and exporting processes.
<b>MARKET STUDIES</b>	Putting theory into practice, students will conduct research, analyze data and specific market trends. As part of this course, students will also gain an understanding of the process behind producing feasibility reports.
<b>EXPORTATION COSTS</b>	This course is designed to train students to identify, measure, and calculate all the costs involved in the exportation process.
<b>INTERNATIONAL PAYMENTS AND FINANCING</b>	Students will learn the tools to conduct international transactions and compare products and services offered by financial institutions or governmental organizations.
<b>MARKET DEVELOPMENT STRATEGIES</b>	This course is designed to provide students with an introduction to marketing concepts and terminology. It examines the importance of marketing strategies within organizations and society in general. Students will study the major components of a marketing plan, the marketing mix and consumer relationships.
<b>E-COMMERCE</b>	Students will gain a solid foundation in E-Commerce. In this course, students will design an electronic commerce project that covers all the aspects of an online business.
<b>PROJECT IN INTERNATIONAL BUSINESS</b>	This course will give students the opportunity to apply the knowledge they've learned, in a team project initiative. Collaborating together, students will create an international business strategy.
<b>LABOUR MARKET INTEGRATION</b>	Students will focus on defining their future goals and career aspirations, and will learn how to write effective résumés and cover letters, interview basics, and how best to find work in their new field.
<b>PRACTICUM (4 WEEKS)</b>	Students will prepare to take their new skills and knowledge into the job market in a practicum related to their program. Students will be required to complete job tasks as assigned to them by the employer.
